'bar-number-regular-interval.ly'

Bar numbers can be printed at regular intervals, inside a box or a circle.

'chord-names-jazz.ly'

Chord names are generated from a list pitches. The functions which construct these names can be customised. Here are shown Jazz chords, following Ignatzek (pp. 17-18, 1995) and an alternative Jazz chord notation.

Chords following Banter (1987) can also be printed from this file, but are turned off for brevity.
